

# I GUSTI MADE BAGAS SATRIAWAN

Junior Web Developer

## SUMMARY

Fresh graduate from Borobudur University completing Bachelor of Computer degree in 2022. During my studies, I have mastered several programming languages such as HTML, CSS, and JavaScript, as well as frameworks such as React JS and Laravel.

I also have expertise in Database Design and Analysis. I am interested in pursuing a career as a Web Developer and am proficient in this field. I am ready to continue learning and improving my skills in Web Development.

## WORK EXPERIENCE

### Mentors, Kelompok Ilmiah Remaja Jakarta Utara (KIRJU)

June 2015 – August 2016

- Provide technical and methodological guidance to the Youth Scientific Group in preparing research proposals, conducting research, and writing research reports
- Help members of the Youth Scientific Group identify and solve problems they may face in their research, as well as being a source of inspiration and motivation for members of the Youth Scientific Group to develop their research potential and interest

### Parking Secure Supervisor , PT Securindo Packatama Indonesia

March 2016 - May 2022

- Help coordinate internal activities
- Compile and maintain administrative documents such as letters, memos, and reports.

## EDUCATION

### Universitas Borobudur (2016 – 2022)

S1 Sistem Informasi - GPA 3,33

- Mastering several programming languages
- Understand Data Warehouse and Big data
- Manage and develop a web-based vehicle condition data collection system in parking areas using the Laravel framework, such as creating a mobile application to make it easier for parking officers to record vehicle conditions and incidents in parking areas.
